➤ **OLAT-Introduction for Students**

Leaving an OLAT Course

How can I as a student leave an OLAT course?

Leaving an OLAT Course

To sign off of an OLAT course, click on „*Courses*“ and choose the course that you want to leave.

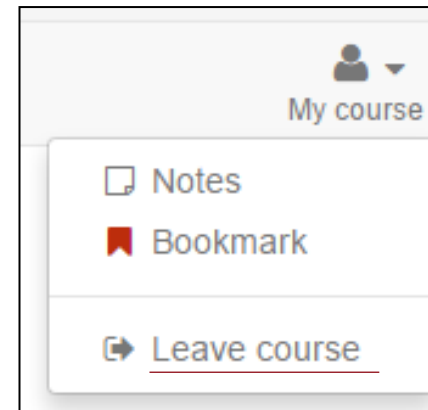

Leaving an OLAT Course

Click on **„My course“** in the right area of the menu bar. Choose **„Leave course“**.

If that option is not visible, you cannot leave the course by yourself.

The option **„Leave course“** is only shown when the lecturer did not change the corresponding settings (e.g to *„after end date“* or *„never“*).

➤ **Thank you very much for your attention!**
